

Date: July 12, 1982  
From: R. L. Stone, Illinois SID, Waste Mgmt. Br.  
To: J. F. Pankanin, Remedial Response Br.  
Subject: John Deere Foundry, East Moline, IL.

I have reviewed the enclosures to the Deere & Co letter of 24 June 1982 pertaining the analysis of two oil ponds at the above facility. Based on the data provided, I concur that the contents of the ponds are not hazardous waste as defined at 40 CFR 261.

The letter & enclosures are being returned with this memo.
